

“ We started last year with your summer camp, mainly for the English and the proximity, but it surprised us pleasantly how much our son had fun and learnt, we have returned again this year. 100% recommended. ”  
*Nayiveth González Padrón*

“ LFT is a space both outdoors and indoors. The classroom where true English linguistic immersion exists. My daughter is delighted every time she comes to Learning First Tenerife both in the camps and at the different activities, she always comes back with much enthusiasm. ”  
*Silvia Ramirez Martin*

“ It is the second year that we return with great satisfaction; the activities offered by the thematic weekly projects are very original, ideal for children to develop creativity through group dynamics and playful entertainment, in an environment totally welcoming and immersed in English as the only language of communication. ”  
*Gemma Fuentes*

# ENJOY AT LEARNING FIRST TENERIFE

## Learning english

### TOTAL IMMERSION IN THE LANGUAGE:

Classes, activities and excursions taught solely and exclusively in English

## The quality

- Course is in line with **the Cambridge English Language Assessment**
- **Native, qualified and experienced teachers** who love working with children and creating a fun and happy environment.
- **Small group classes and personalized teaching** (max. 10 children per class)

## The results

Students who attend our camps significantly improve their listening and speaking skills, whilst also improving their confidence and fluency in the language.

## Confidence

More than 85% of our students attend our summer camp on recommendations made by other clients, or they return after having enjoyed one of our courses.

## Our projects

This summer, students will enjoy creative and interactive projects about nature, insects, designing games, becoming an inventor, artist, author and scientist. They will learn all about the Olympic games and enjoy lots of physical activity. And much more!
